RN PROGRAM ADMISSION INFORMATION PACKET

*KCTCS is an equal opportunity employer and education institution.
Revised January 2016*

*HCC ADN program has conditional accreditation with the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326; (404)975-5000.
Approved by Kentucky Board of Nursing. www.kbn.ky.gov*

I. Hopkinsville Community College Mission Statement

HCC is a member of the Kentucky Community and Technical College System and is a public two-year degree granting institution.

HCC is accredited with the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Hopkinsville Community College.

Note: The Commission is to be contacted only if there is evidence that appears to support an institution's significant non-compliance with a requirement or standard.

Mission

Hopkinsville Community College is an inclusive, student-centered educational institution that provides accessible, innovative, and comprehensive learning opportunities within a supportive community that encourages academic excellence. The college sustains strong educational, community, military, agricultural, and economic partnerships to improve quality of life in the southern Pennyrile region and Fort Campbell.

Hopkinsville Community College promotes excellence in teaching and learning by offering:

- Degree, diploma, and certificate programs and courses that enable students to:
 - transfer to four-year institutions, and
 - acquire the knowledge and skills for new or continued employment;
- Developmental, academic and support services that promote student success;
- Customized business and industry training;
- Continuing education and community outreach; and
- Adult education

Approved by the KCTCS Board of Regents
December 2009

Vision

The Commonwealth's premier community college, strengthening community and challenging students to maximize their potential.

Values

- Open access balanced with excellence
- Student success
- Education and lifelong learning
- Stewardship of human, fiscal, capital and environmental resources
- Integrity
- Community engagement
- Leadership
- Personal responsibility
- Continuous improvement and responsiveness to change
- Inclusion and multiculturalism
- Partnership with the military community

II. Kentucky Community & Technical College System Associate Degree Nursing Philosophy

The philosophy of the Associate Degree Nursing program is congruent with the Kentucky Community and Technical College System (KCTCS) mission statement and is supported by the works of Marjory Gordon and the National League for Nursing. The faculty believes that:

Each individual is a unique, holistic being with bio-psychosocial, cultural and spiritual dimensions in constant interaction with the environment. All human beings have in common certain functional patterns that contribute to their health, quality of life, and achievement of human potential;

The dynamic process of mastering core competencies is essential to the practice of contemporary and futuristic nursing. This process illustrates the personal, progressive, and lifelong professional development of the nurse through the accumulation, analysis, and synthesis of knowledge, scientific findings and human experience. The components of this ADN conceptual model include: core values, integrating concepts, program outcomes and nursing practice;

Learning is an individual and lifelong process evidenced by changed behavior resulting from the acquisition of knowledge, practice and ethical comportment. Knowledge encompasses the realms of science and theory. Practice includes the ability to engage in a thoughtful, deliberate, and informed way. Ethical comportment involves the individual's formation within a set of recognized responsibilities; it includes the notions of "good practice" and "boundaries of practice". Learning in an educational setting is enhanced by a teacher/student relationship in which the teacher's responsibility is to structure and facilitate optimal conditions for critical thinking and learning through clearly defined student learning outcomes. The student brings to this relationship the willingness to learn and is accountable for his/her education. Recognizing that both the rate and style of learning differ with individuals, various strategies are utilized to facilitate the achievement of student learning outcomes, attainment of maximum potential, and promotion of continued learning;

The A.D.N graduate, having achieved the graduate outcomes, is prepared to practice in a variety of settings within the parameters of individual knowledge and experience according to the standards of practice. The role of the A.D.N. graduate includes human flourishing, nursing judgment, professional identity, and spirit of inquiry. Encompassed within these roles are the core components of context and environment, knowledge and science, personal/professional development, quality and safety, relationship-centered-care, and teamwork.

III. Hopkinsville Community College Associate Degree Nursing Philosophy

In addition to the KCTCS Associate Degree Nursing Philosophy, the Hopkinsville Community College Nursing Faculty ascribe to the Boyer's definition of scholarship. Boyer (1997) describes the four elements of scholarship as teaching, integration, application, and discovery. The faculty believes teaching is the central element of scholarship and is the primary focus as a faculty member. The nursing faculty strives to maintain best practice and competency in teaching by participating in professional development activities on the local, regional and state levels as well as attendance to national conferences in order to maintain currency in methods and practices in education. Integration is another element identified by Boyer that focuses on making connections across disciplines. The faculty continues to develop relationships with other faculty outside the nursing department to encourage collaboration and to improve the preparation of the nursing students for the nursing program. The element of application is using the research and innovations in the service of the field of nursing to benefit organizations and professional associations. The faculty is involved in various organizations and activities outside HCC to contribute the individual's nursing expertise to the community and the profession. Discovery is the element that is related to research. The faculty continues to research and apply best practices from current literature about nursing practice and the practice of nursing education.

IV. Kentucky Community & Technical College System Associate Degree Nursing Conceptual Framework

The conceptual framework for the Associate Degree Nursing Program as developed and valued by the faculty is based upon constructs of the nursing paradigm and related concepts.

The framework relates the philosophy to the curriculum and provides focus for the program. It organizes and explains the relationships and defines nursing practice, explaining the relationships between the concepts of the philosophy and depicting the seven core values with their six integrated concepts and eleven functional health patterns.

The faculty members believe that nursing practice includes human flourishing, nursing judgment, professional identity, and spirit of inquiry that are based on the National League for Nursing educational program outcomes for A.D.N. graduates and Marjory Gordon's functional health pattern framework.

Fundamental to the framework are the seven core values of caring, diversity, ethics, excellence, holism, integrity, and patient centeredness. The six integrating concepts of nursing practice are: context and environment, knowledge and science, personal/professional development, quality and safety, relationship-centered care, and teamwork. The core values and integrating concepts are introduced, developed, and built upon throughout the curriculum.

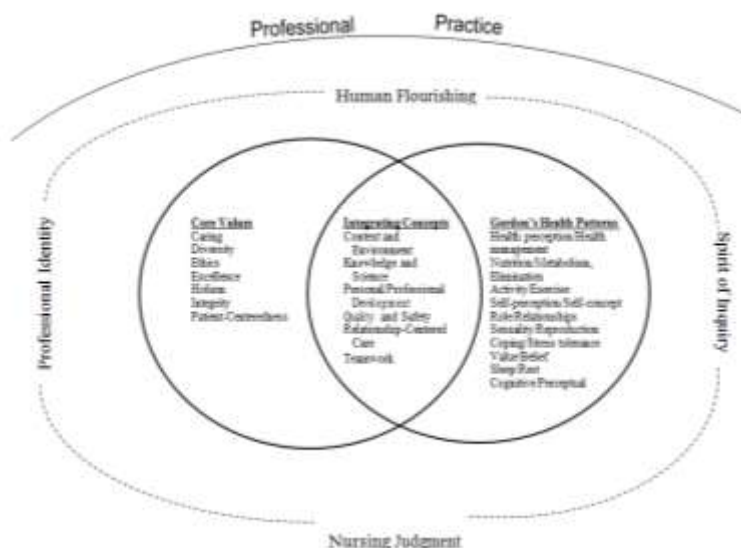

The patient's functional health patterns are: health perception/health management, nutrition/metabolism, elimination, activity/exercise, sleep/rest, cognitive/perceptual, self-perception/self-concept, role/relationships, sexuality/reproduction, coping/stress tolerance, and value/belief. These patterns are influenced by the patient's culture, age/development, and state of health/illness and serve as a unifying structure for the organization of the curriculum.

The conceptual model is a visual representation of the relationships among the concepts of the philosophy and depicts all components inherent in nursing practice and the eleven functional patterns inherent in the patient.

**V. Kentucky Community & Technical College System
Associate Degree Nursing
Graduate/Student Learning Outcomes (SLO's)**

Upon completion of this program, the Associate Degree Nursing graduate can:

1. Advocate for patients and families in ways that promote their self-determination, integrity, and ongoing growth as human beings (human flourishing);
 - a. Develop, implement and evaluate individualized plans of care focusing on services and activities that promote independence, maintain or restore health, or support a peaceful death;
 - b. Advocate for the access to and quality of care for patients;
 - c. Use teaching/learning processes to facilitate the patients in informed decision-making to achieve positive outcomes and support the patient's functional patterns;
 - d. Provide culturally competent care that demonstrates respect for diverse patients;
2. Make judgments in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality-care and promote the health of patients within a family and community context (nursing judgment);
 - a. Utilize the nursing process while incorporating Gordon's functional health patterns as a basis for clinical judgment to optimize outcomes of care for the patient, family, and community;
 - b. Perform essential nursing skills as identified by the critical criteria;
 - c. Collaborate with the patient, family, significant others and members of the health care team in the management of care;
 - d. Establish and maintain effective/therapeutic communication with patients, families, significant others, and members of the health care team;
 - e. Manage the direct provision of nursing care through effective organizational skills, appropriate delegation, and supervision within the scope of practice;
 - f. Employ principles of quality and safety, healthcare policy, and cost effectiveness to improve healthcare outcomes;
3. Implement one's role as a nurse in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a nurse committed to evidence-based practice, caring, advocacy, and safe, quality care for diverse patients within a family and community context (professional identity);
 - a. Recognize situations beyond one's knowledge and experience, and seek consultation from appropriate resources in changing healthcare environment;
 - b. Integrate caring behaviors in managing care;
 - c. Exhibit professional behaviors/practice as defined by the ethical, legal, and regulatory frameworks of nursing;
 - d. Use information and technology to communicate, manage knowledge, mitigate error and support decision making;
4. Examine the evidence that underlies clinical nursing practice to challenge the status quo, question underlying assumptions, and offer new insights to improve the quality of care for patients, families, and communities (spirit of inquiry);
 - a. Recognize and examine evidence-based literature/research for use in nursing practice;
 - b. Value continuous learning within the nursing profession;
5. Communicate effectively;
 - a. Read and listen with comprehension;
 - b. Speak and write clearly using standard English;
 - c. Interact cooperatively with others using both verbal and non-verbal means;
 - d. Demonstrate information processing through basic computer skills;
6. Think critically;
 - a. Make connections in learning across the disciplines and draw logical conclusions;
 - b. Demonstrate problem solving through interpreting, analyzing, summarizing, and/or integrating a variety of materials;
 - c. Use mathematics to organize, analyze, and synthesize data to solve a problem;
7. Learn independently;
 - a. Use appropriate search strategies and resources to find, evaluate, and use information;
 - b. Make choices based upon awareness of ethics and differing perspectives/ideas;
 - c. Apply learning in academic, personal and public situations;
 - d. Think creatively to develop new ideas, processes, or products;

8. Examine relationships in diverse and complex environments;
 - a. Recognize the relationship of the individual to human heritage and culture;
 - b. Demonstrate an awareness of the relationship of the individual to the biological and physical environment;
 - c. Develop and awareness of self as an individual member of a multicultural global community.

VI. Eligibility

- A. Nursing involves the provision of direct care for individuals and is characterized by the application of verified knowledge in the skillful performance of nursing functions. Anyone who makes application to the college as a degree-seeking student may apply to the Hopkinsville Community College Associate Degree Nursing Program. Admission to the program is open to all qualified students regardless of economic or social status and without discrimination, on the basis of race, color, sex, marital status, beliefs, age, national origin or disability.

All applicants for the nursing program should possess:

1. sufficient visual acuity, i.e. to accurately prepare and administer medication and to participate in the observation necessary for client assessment and nursing care.
 2. sufficient auditory perception to receive verbal communication from client and members of the health care team as well as to assess health needs of people through the use of monitoring devices such as cardiac monitors, stethoscopes, IV infusion pumps, dopplers, fire alarms, etc.;
 3. sufficient gross and fine motor coordination to respond promptly and to implement the skills, including the manipulation of equipment, required in meeting health needs;
 4. sufficient communication skills (speech, reading, writing) to interact with individuals and to communicate their needs promptly and effectively as may be necessary in the individual's interest;
 5. sufficient intellectual and emotional functions to plan and implement care for individuals;
 6. the ability to lift and/or move up to 50 pounds and;
 7. the ability to be on feet for 8 – 12 hour clinical.
- B. Enrollment in the Associate Degree Nursing Program may be limited because of available laboratory facilities in the community, as well as limited faculty and financial resources at the community college.

VII. Commitment

The Associate Degree Nursing Program is a vigorous and intense program of study. Success in the program requires a major commitment to make studying a priority. Study outside of class is a requirement as well as practice time for nursing skills. Working more than 20 hours/week is discouraged due to the time requirements in the program. Students need to have good time management skills as well as assistance with childcare and finances.

VIII. Nursing Program Admission Requirements

Acceptance into the Associate Degree Nursing program is based upon a selective admission process. The KCTCS system guidelines and HCC admission guidelines will be followed. In addition, the HCC Nursing Program requirements must be met.

An applicant must submit all application materials by May 15th for fall admission cycle and October 30th for spring admission cycle. Those are outlined as follows:

- ❑ Submit an application to Hopkinsville Community College to the Admissions Office. All college admission requirements must be met.
- ❑ Submit other official college transcripts to the Office of the Registrar for evaluation. The Registrar's office has the final determination in what credits will transfer from other institutions.
- ❑ Submit official ACT scores to the Admissions Office. Register at www.actstudent.org.
 - Minimum acceptable score for consideration to the nursing program is a composite of 20 or SAT CR+M combined score of 950.
 - The writing portion of the ACT is not required for the nursing program.
 - NOTE: KCTCS Senate requires results of the ACT regardless of previous degrees and/or credit hours earned.
 - **NOTE: If you plan to take or re-take the ACT before the admission cycle deadline, please bring your ACT scores to the Nursing Department to add to your application. You should still have your scores sent to the HCC Admissions office to officially be loaded to the college records system.**
- ❑ Attend a Pre-Admission Nursing Conference (PAC) and submit a nursing admission application. The dates and times can be found on the Nursing Website. Please see front cover of this packet for the web address.
- ❑ Complete the NAA100 Course with the state testing scheduled or have active status on a state nurse aide registry.
 - The NAA100 Nurse Aide Course can be taken either as a traditional class or as an online class. The traditional class is offered as either an 8-week or 16-week class with classroom lectures, labs, and exams as well as local clinical experience. The online class consists of three (3) modules.
 - Module 1 – Coursework Component: reading text, watching videos, online assignments, 4 exams
 - Module 2 – Proctored Final Exam; Campus lab for skills check off (held at HCC campus)
 - Module 3 – Clinical Experience – 16 hours at long-term care facility (held at facility near HCC)
- ❑ Complete the National League for Nursing's Pre-Admission Exam RN Version (PAX-RN) with a percentile score of 70 or higher (overall score of 111 or higher).
 - A student will be eligible to retake the PAX-RN every six (6) months.
 - PAX-RN scores expire after 3 years.
 - Register for exam at www.nlnonlinetesting.org.
- ❑ Must be in good academic standing with the College with at least a 2.0 GPA with a grade of C or higher in all math, science, and pre-requisite courses.

Applicants may be admitted to the program before completing the following pre-requisite classes and having active status on a state nurse aide registry. However, before enrolling in the NSG101 course, the following must be successfully achieved:

- Completion of the following prerequisites or equivalent courses transferred from another college:
 - BIO137 (Anatomy & Physiology I)
 - PSY110 (General Psychology)
 - MAT150 (College Algebra)
 - Digital literacy must be demonstrated by IC3 competency exam or successful completion of a digital literacy course.
 - **Please see the contact page at the end of this packet for a link to the KCTCS website for information regarding the IC3 Fast Track and IC3 certificate-level examination.**
 - Student must earn a minimum of a “C” in all science, math, and pre-requisite courses.
 - Proof of active status on a state Nurse Aide Registry
- It is the student’s responsibility to keep informed of current admission guidelines. The student must be responsible for the status of his/her own nursing file.
 - Upon admittance into the ADN program, students must have completed or be registered for the first semester co-requisite courses. Due to the nursing course schedule, evening, Saturday, or on-line co-requisite courses may be necessary.
 - Each NSG course is a pre-requisite for the following semester of NSG courses and must be taken in the sequence listed.
 - Each co-requisite course must be taken in semester indicated or before.
 - The Kentucky Board of Nursing may deny licensure to a nursing graduate who has been convicted of a misdemeanor or felony that involves acts that bear directly on the qualifications of the graduate to practice. For more information, go to www.kbn.ky.gov.

IX. Selection Process

Admission will be granted to the students who have:

1. **ALL** admission materials submitted by admission cycle deadline;
2. All the application requirements met;
3. The highest PAX-RN composite percentile score.

*Student must be in good academic standing with the College with at least a 2.0 overall GPA with a grade of C or higher in all math, science, and pre-requisite courses.

X. Admission Procedure

Only students with completed files will be considered for admission to the HCC Nursing Program. It is the student's responsibility to ensure the file in the nursing department has all documents necessary for admission.

- A. On the basis of the PAX-RN composite percentile score, the Nursing Admissions Committee recommends to the Academic Dean the names of those who will be admitted to the nursing program.
- B. Applicants will be notified in writing if they have or have not been selected for enrollment in the nursing program. Letters for acceptance, waiting list, or denied admission will be mailed on June 15 for the fall admission cycle and on November 30 for the spring admission cycle. **No selection information will be available by phone.** Please allow up to one week from these dates for mail delivery.
- C. A waiting list may also be selected. Applicants on the waiting list may be admitted to fill positions vacated by admitted students. Due to privacy issues, location on waiting list cannot be given to applicants. The waiting list is **only** used for the current admission cycle. The waiting list does not carry over to the next admission cycle.
- D. In the event that a tie should occur in relation to PAX-RN scores, preference may be given to the student with the highest ACT and GPA generated from the program curriculum pre-requisite courses.

XI. Post-Admittance Requirements Prior To First NSG Course

After acceptance for admission and before beginning NSG courses, students are required to:

- Provide documentation of results of these lab tests:
 - Tuberculosis Skin Test
 - Varicella
 - Rubella titer
 - Rubeola titer
- Provide proof of health insurance.
- Provide proof of immunity to Hepatitis B and tetanus.
- Show proof of completing CPR certification for healthcare professionals through American Heart Association.
- Complete criminal background check – See section XV.
- Complete nine-panel drug screening – See section XV.

YOU WILL NOT BE REQUIRED TO SUBMIT ANY OF THE ABOVE DOCUMENTATION UNTIL YOU ARE ACCEPTED TO THE NURSING PROGRAM.

XII. Re-Application Policy

If an applicant is not accepted into the program and wishes to reapply during a different admission cycle, he/she must attend a pre-admission conference and resubmit a nursing admission application by the desired admission cycle deadline to be considered. All program enrollment requirements must be satisfied for the desired year of application. These materials must be submitted by the admission cycle deadline of the semester for which re-application is requested.

If you are not accepted into the program after this conference attendance, you must attend a new conference. Attendance to a conference is required each semester you apply for admission into the program.

XIII. Re-Admission Policy

In order to be considered for re-admission by the Nursing Admissions Committee, the applicant must:

- 1. Submit a written request to the Nursing Program Director**
- 2. Meet current admission guidelines listed below**
 - ACT minimum composite score of 20 for RN program - Equivalent SAT scores (combined Critical Reading & Math) of 950
 - PAX minimum percentile of 70 for RN program
 - Good academic standing with the College with at least a 2.0 GPA with a grade of C or higher in all math, science, and pre-requisite courses
- 3. Be recommended by the nursing faculty from the past semester**
- 4. Demonstrate competency by:**
 - a) **Passing with a score of 75% or greater, an exam equivalent to the comprehensive final exam for the previously passed nursing courses; and**
 - b) **Passing a skills competency review reflective of previously passed nursing courses.**

Note: The exams and skills competency can be taken only once and the student must successfully complete each of the competency exams and the skills demonstration to be considered for readmission.

A student may be considered for re-admission to the Nursing Program one time. The Nursing Admissions Committee may recommend readmission a second time only if a student furnishes sufficient evidence of remedial study, additional preparation or resolution of factors contributing to unsuccessful course completion. Nursing faculty recommendation will be considered.

If more than three years have elapsed since initial enrollment in the first nursing course of the Nursing Program, an applicant must repeat all nursing courses.

Acceptance of any re-admitted student will be dependent upon available space and resources.

XIV. Transfer Policy

Applicants who wish to transfer from one KCTCS Nursing Program or other nursing programs to the Hopkinsville Associate Degree Nursing Program must:

1. Meet all admission requirements of the receiving institution as listed below:
 - Submit an application to Hopkinsville Community College to the Admissions Office. All college admission requirements must be met.
 - Submit other official college transcripts to the Office of the Registrar for evaluation. The Registrar's office has the final determination in what credits will transfer from other institutions.
 - ACT minimum composite score of 20 for RN program - Equivalent SAT scores (combined Critical Reading & Math) of 950 for RN program
 - Attend a Pre-Admission Nursing Conference (PAC) and submit a nursing admission application.
 - For transfers into 1st Semester, you must have an active status on a State Nurse Aide Registry. For transfers into 2nd Semester or later, your status on a State Nurse Aide Registry can be active or lapsed as long as you had an active status when you were in the 1st Semester Fundamentals course.
 - PAX minimum percentile of 70 for RN program
 - Good academic standing with the College with at least a 2.0 GPA with a grade of C or higher in all math, science, and pre-requisite courses
2. Notify the Coordinator of the Associate Degree Nursing Program in writing, stating anticipated entry date and reason for transfer;
3. Have a faculty member from the program previously attended submit a letter of recommendation to the receiving institution; and
4. Submit documents to Admissions Committee of previous courses passed as requested (i.e. course syllabi, course content, course skills, etc.).
5. Demonstrate competency by:
 - a) Passing with a score of 75% or greater, an exam equivalent to the comprehensive final exam for the previously passed nursing courses; and
 - b) Passing a skills competency review reflective of previously passed nursing courses.

Note: The exams and skills competency can be taken only once and the student must successfully complete each of the competency exams and the skills demonstration to be accepted. Students who are not successful can elect to enter the applicant pool to the first nursing course.

Mail the transfer documents to the Director of the Nursing Program, P.O. Box 2100, Hopkinsville, KY 42241.

If more than three years have elapsed since initial enrollment in the first nursing course in any registered nursing program, an applicant must repeat all nursing courses.

Acceptance of any transfer student will be dependent upon available space and resources.

XV. Practical Nurse Credit

All practical nurses are eligible to receive credit for Nursing Practice I (NSG 101), a nine credit hour course taught during the first semester of the Associate Degree program. The PN does have the option of being considered for the pool of applicants for NSG101.

- A copy of an active PN license must be submitted to the nursing department as part of the application for the Associate Degree program.
- Active status on a state nurse aide registry is not required for the LPN.
- The LPN must adhere to the Admission and Evaluation Procedures.
- Before being admitted into the ADN program, an applicant must have successfully completed the program's pre-requisites and first semester co-requisites. If admitted to the second semester of the program, the LPN must be enrolled in or have successfully completed the second semester co-requisites.

XVI. Placement Test (COMPASS)

All first time full-time students must take a placement test (COMPASS) before enrollment in classes at HCC. COMPASS scores may require some students to take remedial courses prior to enrolling in college-level courses. Many students find that they must take two or three semesters of math, reading, and/or English.

This test is scheduled at the Hopkinsville Community College Counseling and Assessment Center located in the Technology Center. Students are encouraged to review prior to testing and to give their best performance on the test. Test results may affect your enrollment. Testing information is available at 270-707-3820. There is no fee for the COMPASS test.

XVII. Math Pre-Requisite Notice

In order to begin the RN program, a student must complete College Algebra (MAT150). The pre-requisite for MAT150 is Intermediate Algebra (MAT126). Students may be required to take additional pre-requisites depending upon their COMPASS scores.

XVIII. Americans With Disabilities Act/Discrimination

Any physical or mental impairment that substantially limits one or more major life activities is a disability. Any student needing ADA accommodations must contact the Chief Student Affairs Office as well as Peggy Bozarth, Nursing Program Director.

Hopkinsville Community College does not discriminate on the basis of race, color, national origin, sex, disability, age, religion, and marital status in admission to vocational programs or access to or treatment or employment in accordance with Title VI, Title IX, Section 504, and ADA Act. For more information contact Dr. Jason Warren, Chief Student Affairs Officer or by mail at Hopkinsville Community College, P.O. Box 2100, Hopkinsville, KY 42241-2100.

XIX. Expenses And Financial Assistance

Financial assistance is available in the form of scholarships, grants, loans, and work-study. Information on financial assistance can be found on the college website and at www.kbn.ky.gov/education. Please see Contacts section at the end of this packet for HCC Financial Aid department's contact information.

In addition to tuition costs, nursing students are responsible for supplemental expenses such as: transportation to various clinical facilities, purchase of professional liability insurance, textbooks, blood tests, uniforms, etc.

Anticipated Additional Expenses not including tuition:

First Year

1. Professional Liability Insurance: \$22
2. Uniforms and lab coat: \$150
3. White shoes, hose/socks, watch with second hand, stethoscope, goggles, and bandage scissors: \$150
4. Books (1st semester): \$875
Books (2nd semester): \$550
5. Travel to school and clinical facilities: \$200
6. Nursing lab supply kit: \$150
7. Verified Credentials background check: \$50
8. Drug Screen: \$35
9. HKANS & NSNA Membership Fees: \$40
10. Blood tests: \$200
11. CPR Training: \$50-100
12. Kaplan Integrated Testing Program: Course Charge
13. Handheld electronic device (iPod Touch or Smart Phone): varies according to vendor

Second Year

1. Professional Liability Insurance: \$22
2. Books (3rd semester): \$225
Books (4th semester): \$225
3. Travel to school and clinical facilities: \$200
4. Nursing lab supply kit: \$100
5. HKANS & NSNA Membership Fees: \$50
6. Blood Test & CPR: \$75
7. Drug Screen: \$50
8. Nursing pin (optional): \$80-480
9. Kaplan Integrated Testing Program: Course Charge
10. NCLEX Exam: \$200
11. Licensure Fee (Varies by state): \$110

Tuition Rates for 2015-2016

http://www.hopkinsville.kctcs.edu/Costs_and_Financial_Aid/Financial_Aid_Checklist/Pay_Your_Tuition/Tuition_and_Fees.aspx

In-State	\$147 per credit hour
Out-of-State Contiguous Counties.....	\$294 per credit hour
Out-of-State	\$515 per credit hour

Note: All fees are approximate and subject to change without notice.

XX. Program Criminal Background Check and Drug Screen Policies

The Nursing Programs in the Allied Health Division at Hopkinsville Community College require students to obtain criminal background checks through Verified Credentials. This is to ensure a safe clinical environment for both students and the public and to meet the contractual requirements of area healthcare facilities.

Hopkinsville Community College has established an acceptable screening procedure, which will be provided upon acceptance into the program. Students who fail to submit a background check cannot complete or maintain enrollment in any Hopkinsville Community College health program.

If a facility requires additional criminal background checks, it will be the responsibility of the student to obtain the check and have the information sent to the facility.

Because we are a Health Care Industry provider and both the general public and our clinical facilities expect and require drug free students/employees, ALL STUDENTS will be required to submit an annual nine panel drug screening test. Information for completing this procedure will be provided upon acceptance into the program.

The Nursing Coordinator will maintain all records and a confidential database concerning students' criminal histories and drug test results. This information will be filed in a secured area to ensure confidentiality and will not be released to any third party without written consent and knowledge of the student.

XXI. NCLEX Crime Conviction Guidelines

Students that have been convicted of a felony or misdemeanor must submit documentation to the board of nursing in the state of desired application. Contact the board of nursing at least six months prior to graduation. You may want to contact the board of nursing before beginning the program of nursing. The state board of nursing has the final decision to allow students to take the NCLEX. This process should be taken seriously!

Listed below are the actual crime conviction guidelines:

- (1) Pursuant to KRS 314.091(1)(b), a conviction of a felony or misdemeanor shall be considered as bearing directly on the qualifications or ability of an applicant to practice nursing if the conviction involved:
 - (a) Dishonesty;
 - (b) Substance abuse;
 - (c) Sexual offenses;
 - (d) Breach of trust;
 - (e) Danger to the public safety;
 - (f) Physical harm; or
 - (g) Endangerment.
- (2) A felony or misdemeanor conviction shall be reviewed to determine whether:
 - (a) The application shall be processed with no further action;
 - (b) The application shall be processed only after the applicant has entered into an Agreed Order with the Board with terms and conditions as agreed to by the parties; or
 - (c) A Notice to Deny Licensure shall be issued. A Notice to Deny Licensure shall inform the applicant that he may request a hearing. The request shall be in writing.
- (3) A complaint received by the Board alleging a violation of KRS 314.091(1) shall be handled in the same manner as set forth in subsection 2 of this section.

XXII. Curriculum Requirements

Catalog Number	Course Title	Credit
Pre-requisite courses		
^+ BIO 137	Anatomy & Physiology I	4
^+ MAT 150	College Algebra	3
^ PSY 110	General Psychology	3
Active status on a state nurse aide registry or by completing +NAA100 (Nursing Assistant I) and passing the state nurse aide exam.		0-3
Documentation of digital literacy must be demonstrated by digital literacy competency exam IC3 or ^CIT105 Introduction to Computers course		0-3
First Semester		
^ PSY 223	Developmental Psychology	3
^+ BIO 139	Anatomy & Physiology II	4
+ NSG 101	Nursing Practice I	9
Second Semester		
^ ENG 101	Writing I	3
^	Oral Communications	3
+ NSG 210	Medical/Surgical Nursing I	6

+ NSG 230	Medical/Surgical Nursing III	6
+ NSG 213	Pediatrics Nursing	3
+ NSG 225	Pharmacology II	1
Totals		71-77

^ General Education Courses: The 33-36 credit hours of general education coursework may be taken prior to nursing courses or as they are listed in the nursing curriculum. Students cannot progress to the next semester without completion of the NSG and general education course/courses for that semester.

+ Must earn a minimum of a “C” in all pre-requisite, science, math, and nursing courses to progress in the program. Each NSG course is a pre-requisite for the following semester of NSG courses and must be taken in the sequence listed.

Nursing Program Grading Scale: A: 92 – 100
 B: 84 – 91
 C: 75 – 83
 D: 65 – 74
 E: 0 – 64
