Classes Begin	Mar 13, 2017

How can I obtain my MAP (My Academic Plan)? You can view who your faculty advisor is and his or her contact information in the Student Center of your Self-service account.

What if I do not have a MAP (My Academic Plan) prior to Self-service registration? You still have the opportunity to register after this date and before classes begin as long as you meet with your advisor, if his or her schedule allows, **BEFORE** the final week of class.

When can new students register for classes? All new students **must** attend an Enable group advising session which can be scheduled at the Admissions/Records window at Fort Campbell. New students will plan their schedule during the Enable session and will receive one-time access to their Self-service account for adding classes.
